Paula J. Bartosiak, Principal

Darrin B. Reynolds, Assistant Principal

February 22, 2010

Dear Parents,

The Silver Lake Regional Middle School will be hosting a very informative and important presentation entitled "Internet and Cell Phone Safety". Although you may have a student here at KES, this is still a very worthwhile discussion to attend. Your KES child will grow up and the information you will hear will help you as a parent to protect your child as well as educate you on the dangers of present day technology.

The speaker, Plymouth County Assistant District Attorney Ms. Kristen Stone, will provide valuable insights and information, and share strategies on how to safely use present day technology.

Ms. Stone will outline for parents potential dangers on the internet including such things as cyber-bullying, internet predators, unintentional security breeches, the "sexting" phenomenon, and the risks of posting information to sites such as My Space and Facebook.

Parents who attend this presentation will leave with tools they can use to better protect their children and their own personal information.

This is a free presentation.

When: Monday, March 15, 2010

Where: Silver Lake Regional Middle School Auditorium

Time: 7-8:30 p.m.

Who: Parents and Guardians Only

This evening presentation will be for adults only. We encourage you to attend.

Sincerely,

Paula J. Bartosiak
Principal
